## EMPLOYMENT HISTORY

**PHP developer & project manager, Municipality of Tešanj**    Tešanj
Nov 2020 — May 2021

I worked as the only back end developer for a project that was funded and organized by Municipality of Tešanj. I was also project manager for that project. Through this project I have learned a lot about new back end technologies and about leadership and teamwork.

**PHP Developer, linije.ba**    Tešanj
Dec 2020 — May 2021

I worked as the back-end developer on the project linije.ba that was funded by UpShift. It was a truly great project and I learned a lot while working on it.

**Painter and CNC operator, Naksi Art**    Jelah
May 2021 — Present

I am currently working as a painter and as a CNC operator at a local company called Naksi Art. We usually do calligraphy and ornaments. I program and operate CNC machines with which we make tables and decorations for mosques.
